SOFTWARE ENGINEER

Innovative full-stack software engineer with skills in building applications & APIs with a user-experience approach, along with technical project management. Having a curious mind & a background in customer service, management, & athletics, I bring strong skills in client relations, collaboration, & leadership.

SKILLS

JavaScript, React, RESTful APIs, Node, TypeScript, Python, Content Management Systems, MongoDB, Rails, Postman, Git, HTML, CSS, DataDog, Microservices, Bootstrap, Docker, AWS, SQLite, Jira, Microsoft

PROFESSIONAL EXPERIENCE

Freelance   *Phoenix, AZ*
Web Developer   *01/2018 – Present*

- Currently developing a full-stack application with extensive user capabilities and public property data utilizing React, JavaScript, TypeScript, Rails, & Active Record
- Exhibited strong project management skills in planning & documenting project tasks resulting development progression
- Modeled custom database schema and REST API with Ruby on Rails, Active Record, & PostgresSQL
- Utilized Auth & bcrypt to authenticate user login and authorize user functionality based on user type

Synapse Financial Technologies   *San Francisco, CA (remote)*
Software Engineer II   *07/2022 – 10/2023*

- Served as team lead providing technical guidance, mentorship, and knowledge to teammates
- Provided consistent results via strong program design & management skills utilizing Jira & Rocketlane
- Successfully managed technical implementation projects by eliminating blockers, evolving project process, & ensuring on-time deliverables
- Implemented client-direct requests, quick turnaround feature enhancements in Python RESTful APIs
- Managed internal & external developer documentation in Confluence that provided a deeper understanding of the technical side of the products & implementations
- Improved cross-team processes by providing feedback and alternative solutions to leadership, which positively impacted client experience integration changes

USAA   *Phoenix, AZ*
Insurance Professional I   *09/2018 – 11/2021*

- Served as a department facilitator in the Pulse initiative by communicating employee feedback & innovation to executives
- Regularly facilitated team meetings, resulting in an overall increase in team metrics
